HOW DO I TURN THE PLAY MAT INTO A BAG?

Moggy & Mouse have made a Play Mat that can be turned into a bag in all kinds of ways. Simply pick at least four of the drawstring loops at opposite ends of the mat and pull them together to turn the mat into a bag. With a little bit of imagination and experimentation you can style the bag exactly the way you want it.

IS THERE AN INSIDE AND AN OUTSIDE OR A TOP AND A BOTTOM?

When you are using the Play Mat as a bag it really doesn't matter which side you use inside or outside. It all depends on what kind of mood you are in that day. If you feel trendy, you might want to go for silver. If you feel cheerful the printed side might be more your thing.

As far as we are concerned you can play on both sides of the mat, but it is probably more practical to use the silver side as the base. Then if it gets dirty (because the ground is squishy for example), it is easy to wipe it clean with a damp cloth.

CAN I USE THE PLAY MAT OUTSIDE?

Absolutely! That's what it's made for! But it goes without saying that it is also a great mat to play on indoors. Especially if your parents have a hard floor. Or if you visit people who have a cold stone floor!

AND ONE LAST TIP...

You can also use the Play Mat in combination with the Moggy & Mouse Table Tent. That way your tent will have a lovely comfortable floor that you can stretch out on.

SIZE OF THE PLAY MAT: 1.30m in diameter.
MATERIALS: Cotton lined with fibrefill wadding. Polyester cord.
