ABOUT MOGGY & MOUSE

Moggy & Mouse firmly believe that you should be able to spend endless happy hours playing with original products. You discover your own world step by step by exploring things and by using your imagination. Moggy & Mouse want to support and encourage you in this process.

Needless to say we have also spared a thought for your parents. All of our products combine quality materials with quality workmanship and are easy to use. We also offer practical tips that help increase the fun factor.

WILL THE TENT FIT OVER MY TABLE?

Moggy & Mouse have made a Table Tent that will fit over any rectangular table up to 1.00 metres wide and 1.30 metres long. You don't have to rearrange the whole room to fit the tent over the table and it is usually possible for your parents to still sit by the table and read their boring newspaper while you play in the tent.

HOW DO I FIT THE TENT OVER MY TABLE?

The tent is a *very* big piece of fabric. So it's a good idea to put the tent over the table together with an adult. Once you have fitted the tent over the table, you will find that it slides quite a lot. To stop this from happening and to turn your tent into a real tent, we have included a flap with rings. Inside the tent you will find a piece of cord. Simply thread the cord through the rings and secure it. That way the tent will fit tightly around the table and it will be almost impossible for it to slide.

CAN I USE THE TENT OUTSIDE

Absolutely! But it is best not to use the tent outside when the weather is bad. The tent is not water resistant and it is not robust enough to withstand a good old storm.

WHAT CAN I DO WITH THE TENT?

On the tent you will see a few handy pockets that you can put all kinds of things in, such as your crayons or your cars. On some pockets there is a transparent sleeve so you can write on a piece of paper what is in the pocket then slide it into the transparent sleeve. The tent also has a few handy loops so you can hang up things such as drawings with clothes pegs. At the front of the tent there is a large slot that you can use as a letter box. And above it there is a transparent sleeve that you can put all kinds of things in. You can also write your name on a piece of paper and put it in the sleeve so everyone knows that it's *your* tent. You will find a few more suggestions on our website, www.moggymouse.com.
